FOR IMMEDIATE RELEASE

FAST TACK SPECIALTY ADHESIVE FROM SPRAYWAY, INC. CONTAINS NO CFC'S

ADDISON, IL – Sprayway's No. 89 Fast Tack Specialty Spray Adhesive is a pressure sensitive mist adhesive to be used for lightweight temporary bonds and repositionable applications. This adhesive has no permanent bonding capability. It has fast, aggressive tack and good shear strength. When allowed to properly tack, the adhesive will not stain or transfer to other surfaces. No. 89 does not contain any chlorinated solvents.

Ideal for Arts & Crafts, temporary fabric holding paste up, set up applications, palletizing lightweight objects, appliques, temporary signage and many more similar applications.

NOTE: Sprayway No. 89 does not contain any chlorinated solvents.

This product is free of ozone-depleting chlorofluorocarbons (CFC's). A brochure regarding aerosols and the environment also is available. For more information, please contact Sprayway's Customer Service Department.

LEADS/READER RESPONSES: *Please direct all responses to Sprayway, Inc., International Department, 1005 Westgate Drive, Addison, IL 60101 U.S.A., Telephone: 630-628-3000, E-mail: international@spraywayinc.com.*
